YOURS

Yours to keep

site and domain in your name

01 WHERE WE STARTED

What we built it around.

01

Trusted oilfield hauling since 1979.

Your own line, from your services page. Option 1 sets it in the sky over your two pickers parked nose to nose, booms up, with the Manitex and Weldco specs and your COR/SECOR, ISNetworld, ComplyWorks and MHSA alongside.

02

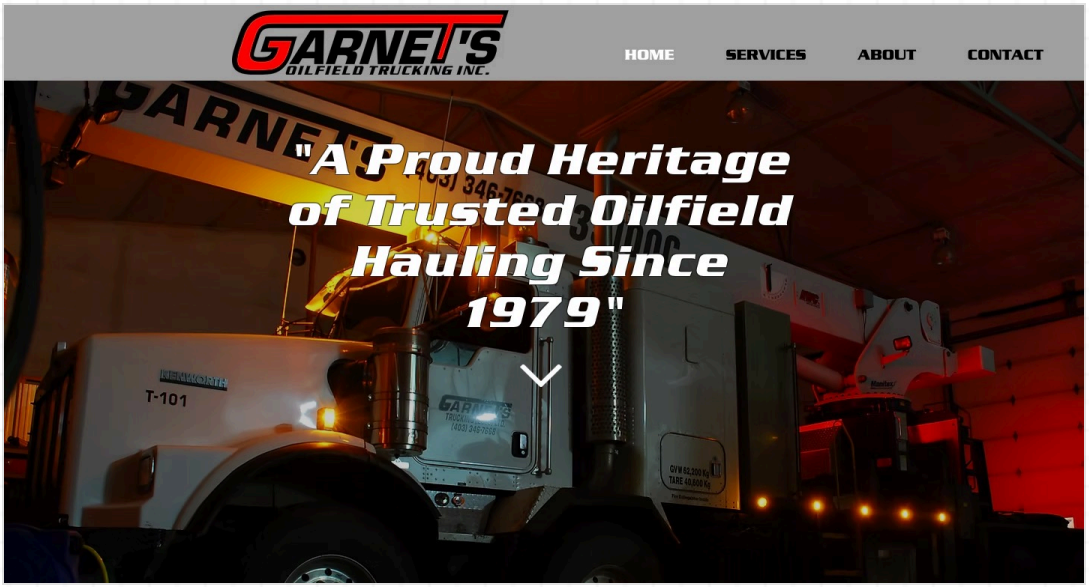

Your trucks and trailers.

Your livery, red, black and white. Option 2 puts unit 403 hauling a tank on the lowboy beside your trailer list, with dispatch one tap away.

03

Alberta winters.

Your own photo of a truck coming down a snowy forest road at dusk. Option 3 stands it in the middle of a light page, with your three services on one side and the 24-hour dispatch line on the other.

06 QUESTIONS

The usual questions.

01

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02

Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

03

Who owns it?

You do. The site and the domain are in your name, not ours. Hosting is included and nothing renews unless you ask. If you ever want to move it, you get every file.

04

How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from $250 a month, cancel anytime.

05

When do I pay?

Half ($1,750) when you say go, the rest ($1,750) when the site is live. You've seen the homepage before paying anything.

06

Can it carry our safety tickets?

Yes: your COR and prequalifications on their own page, plus a careers page.
